DETAILED ACTION

Claim Rejections - 35 USC § 103

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Claims 1-14 are rejected under 35 U.S.C. 103(a) as being unpatentable over U.S. Patent No. 5,517,605 to Wolf in view of the examiner taking official notice.

As per claims 1 and 8, Wolf discloses a resource to officiate over the record and in response to a request, sending a copy of the official version (col. 5, lines 39-45). The examiner takes official notice that the last limitation is obvious in such a system.

As per claims 2-5, 9-14, the examiner further takes official notice that it would be obvious to manage the changes in this manner.

As per claims 6 and 7, it is well known to use an Internet site in this surrounding.

Allowable Subject Matter

Claims 15-20 are allowed.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
